TO-MORROW AND ALL NEXT WEEK

-Featuring Special Values in the Famous High-grade "Electric" Brand Tailored House Dresses ---With Demonstrations of How They are Made and Used and Other Interesting Features

"E LECTRIC Brand" represents the "last word" in House Dress quality. The garments bearing this mark, and for which the Stanley Mills Store is the Sole Agency in Hamilton, are made in one of the brightest and cleanest manufacturing Establishments on the continent. Here all is cheerfulness and comfort for the operators—and everyone is enthused with the idea of producing only such dresses as will be a credit to the name. It's no wonder then that "Electric Brand' designates the best house dresses in the world!

Every Electric Brand House Dress is designed to furnish a reliable garment-reliable in material and workmanship; secondly, to furnish a garment which will be sufficiently neat, stylish and dainty to enable a woman who is engaged in the details of the work of her home, to answer the door bell or receive unexpected callers, without being at all humiliated by her personal appearance.

We have sold thousands of "Electric" dresses during the past two years. We know that there are thousands of housewives, however, who do not know about them, yet who would be glad to buy them right along. That's the purpose of this great HOUSE DRESS CARNIVAL—to acquaint all Hamilton with the many exclusive merits and special value of Electric House Dresses, and the fact that they can always be obtained at the Stanley Mills Store in a large range of colors and patterns and in all sizes, including the extra-large, as well as the small misses'.

We Will MAKE Dresses In Our Show Window!

B EGINNING to morrow morning two expert operators from the "Electric Brand" House Dress Before will make these garments in the regular way in our King Street Window. This will surely be a most interesting demonstration—and will serve to illustrate the real VALUE there is in every "Electric" House Dress. Don't fail to see these operators at work. They will use our special \$2.75 "New Stanley Mills" Sewing Machines, which will be equipped with the Canadian Westinghouse Electric Motors.

Demonstration-Sale of Electric Supplies

FOR some time we have been anxious to provide Hamilton women with an up-to-date display of the most modern household equipment. The opportunity coming at this time, it seemed only right and proper that we should combine the Demonstration of Electrical Goods with that of Electric House Dresses.

Don't fail to see the Electric Washing Ma-chine, Sewing Machine Motor, Hot Plate, Stove, Laundry Irons, Toasters, Boilers, Broilers, Foot

Smith and Duffie Lost to West and Cocking

Buffalo Bowlers Won Ten-Game Marathon by Thirty-One Pin Margin.

Duffie and Smith lost their ten-game marathon match to Cocking and West by 31 pins in one of the most thrilling contests staged anywhere. Smith was the big local's standby, and he held within ten pins of Joe West, who evideatly does not know how to make an error. For six games this 125-pound heavyweight rolled without an error, being challed against him, and the bunch who said they were going to stay until the veteran made a blow had their coportunity to leave at the ninth frame.

ais performance of rolling 241 in the frame, as it practically decided the, h, as was the case in the Duffich h vs. Toronto match two week Duffie's 255 did the trick.

BACK FROM WEST

J. R. Wells Reports the Conditions Improving.

J. R. Wells, the well-known King treet east stationer, has just returned error east stationer, has just returned from a trip to the west and reports that the general spirit of the west is of an optimistic character. Mr. Wells are the statement of the coast where at Vancouster he found little of an ex-etting nature, but the idea of all was that things would pick up in the spring. Mr. Wells declares that money is not stight in the west as it was, and that the trains our only the state of the whereas few are coming back.
